Re: South Dayton Dump & Landfill Site in Moraine, Ohio

Dear Mr. Nash:

Thank you for granting The Miami Conservancy District an extension of time until April 30, 2015 to respond with the information you have requested. I appreciate your accommodating my request.

I would also like to know where this matter stands with respect to the other potentially responsible parties ("PRPs"). Per Ms. Tanaka's letter, the PRPs were requested to provide a plan for the cleanup of the property. Accordingly, please let me know if a plan has been submitted.

As I have expressed before, The Miami Conservancy District has cooperated in providing access to its property for monitoring purposes, and it will continue to do so in the future. While willing to cooperate, The Miami Conservancy District does not feel it is responsible for the contamination at the dump site and should not be classified as a PRP.

I would appreciate if you would give me a call so we can discuss this matter further and I can gather additional information as to where things stand with respect to the other named PRPs.

If it is more convenient for you for us to schedule a specific time for us to talk, please send me an email at mchugh@coollaw.com with some specific dates and times you are available.
